L.O: To infer a characters thoughts and feelings from what is said and done.

Your Task:

Today you will be thinking about the thought tracking activity from yesterday as well as the interview that you conducted with the Wolf to record what he is thinking, feeling and saying at different points of the story.

1. The wolf lurking in the forest.
2. The wolf impersonating Granny.
3. The Wolf leaping up to eat Granny.
4. The Wolf waking up in the forest feeling funny.

Success Criteria:

- I can infer what a character might be thinking, feeling or saying.
- I can punctuate sentences accurately.
- I can explain my ideas using the conjunction 'because'.

The entire time I was thinking...

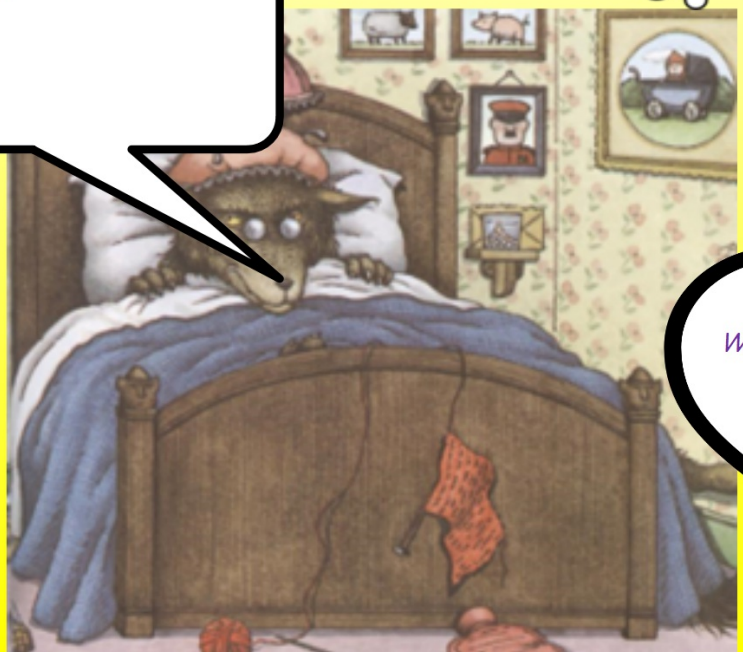

Then I told her....

When I spoke to LRRH I felt...

The entire time I was thinking...

Then I told her....

When I spoke to LRRH I felt...

The entire time I was thinking...

Then I told her....

When I spoke to LRRH I felt...

The entire time I was thinking...

Then I told her....

When I spoke to LRRH I felt...
