We are going to try and use colours to notice unusual objects and the colours of things all around us! For this walk we are going to focus on each colour of the rainbow, one by one. WHAT YOU NEED • A grown-up to go with you • Your imagination • Some concentration • Somewhere to go for a walk. This could be outside, along your street, or even around your home. If you go outside, make sure it's safe and you have permission. Your grown up should be mindful of any social distancing restrictions • Optional: A phone, a camera, some paper and some coloured pens, pencils or crayons Here's some inspiration from a rainbow of artworks:
