14th January 2021

Dear Parents/Carers,

I would like to begin by thanking you and your children for the efforts you have made since we switched to working from home 10 days ago. In challenging circumstances, the class have displayed a mature and determined attitude to continue learning online. They and you should be very proud of what has been achieved so far.

Most children are now completing 3-4 lessons a day on Seesaw and I have very much enjoyed marking lots of their high-quality work. If your child has completed their work for the day, more ideas and lessons are available to access on our remote learning website should you wish to use them:

<https://www.rgntpark.bham.sch.uk/year-6/>

Tomorrow (Friday) we will be meeting as a class on Teams. I have sent details of this meeting to the children on Seesaw along with a video showing them how to access the meeting. If possible, please make sure that they are online tomorrow afternoon to attend this session.

Please do get in touch if you need any further help to support your child today or at any point while school remains closed to most students.

Thanks again. Take care.

Best wishes,

Mr Genner
