This week in class...

Year 2 have been busy learning about number in maths, focusing on finding numbers that are more than and less than 10 from any given number. In English, we have been reading the fabulous story, *Leaf*, and using expanded noun phrases to describe the main character. In Art, the children have been exploring a range of painting techniques, experimenting with colours.

Year 3

Year 3 have been learning about Cave Paintings in their art lessons. We learnt about the caves at Lascaux, Chauvet and El Castillo and discussed how the pigments and marks may have been made. We learnt different skills such as blending; sketching and cross-hatching and practised these. Using these skills, we created our own cave paintings.

This week in Year 1

What a fantastic week we've had in Year 1!! Here's a little peek into what your brilliant children have been up to:

Maths This week, Year 1 have been using the *part-part-whole model* to explore number bonds.

Children practised breaking numbers into parts and putting them back together again using counters, cubes, and drawings. It's been lovely to see them explaining their thinking with confidence!

English We've been reading *What the Ladybird Heard at the Seaside* and using it to inspire our sentence writing. The children created their own sentences, focusing on who, doing what, and where. There were lots of imaginative ideas!

Well done to Anas (Class 1T) for a fantastic poem!

Art In art, Year 1 had fun experimenting with *wax rubbings*. Using different textured surfaces, they created colourful patterns and discovered hidden shapes. It was great to see their creativity!

This week in class...

Year 6 been busy showing off their persuasive skills by preparing to write their own Head Boy, Deputy Head Boy, Head Girl, Deputy Head Girl and Prefect election speeches!

INTERNET SAFETY

The Internet is a huge source of information and means of communication. However, not all of the information or people online are trustworthy.

Safe

S Ensure personal information and passwords are kept private.

Do not put any of your contact details online and always check your privacy settings on social networking websites.

Never use your real name for your username, and ensure passwords are difficult to guess.

Meet

M Never meet with an online friend in person, even if you think you know that person well.

Meeting someone from a chat room or social networking website could be dangerous. Online friends are still strangers and may not be who they say they are.

Accept

A Do not accept emails, instant messages and friend requests from people you do not know.

Messages may contain viruses or unpleasant information and images. Also, remember that 'friends' on social and gaming networks can see and share what you post. Do you want strangers to see everything that you post?

Reliable

R Not all of the information or people online are reliable. There is a lot of false information.

Always check that the information is correct and use reputable sources. Also, some people post false information or use false identities online to cause harm and trick people.

Try to limit your friends to 'real' friends.

Tell

T Tell a trusted adult if anything online makes you feel uncomfortable.

Many chat rooms and social networking websites have support email addresses or alert buttons that enable users to report inappropriate behaviour, including bullying.

You can log off if you are uncomfortable or suspicious of anything.

REPORT ABUSE

Be careful what you share online!

Anything you post online or send in an email, such as a photo or message, can be copied or shared by anyone who can see it.
